

SEO Assessment

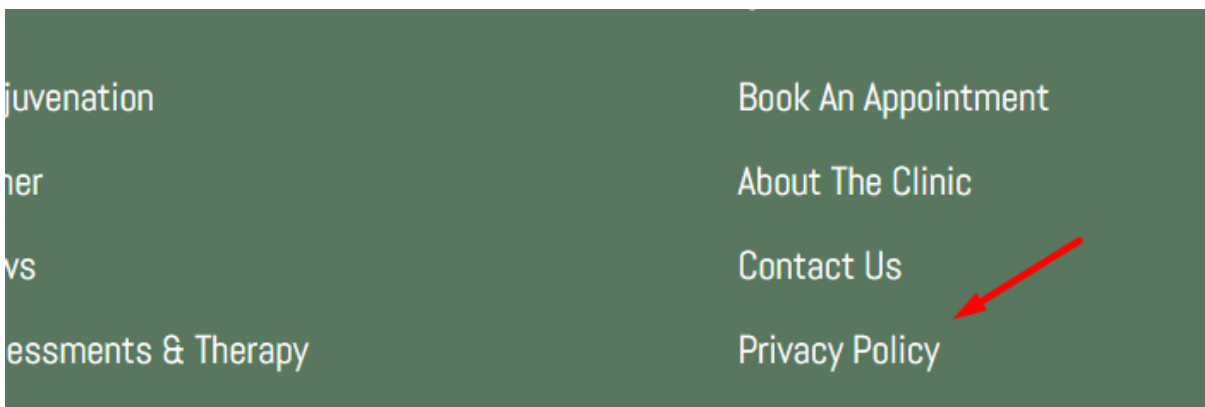

Website Health:

Overall health is perfect.

Issue	Crawled	Change	Added	New	Removed	Missing
Image file size too large	1					
Orphan page (has no incoming internal links)	1					

- Image file size too large – it does not really matter because your hosting is on cloud CDN and the file format is the webP (modern file compression image format)
- Orphan page – this is some crawler issue because your privacy policy has links from the footer on every page (see below)

Website Speed:
